located in Burlingame's desirable Easton Addition, this beautifully remodeled home brims with relaxed refinement and designer appeal. Throughout, finely crafted architectural details take center stage, including extensive bamboo flooring, deep baseboard and crown moldings, and a sophisticated color palette. Natural light flows in through expansive arched windows, all dressed with plantation shutters.

The home's sizable dimensions, with 5 bedrooms and 4 bathrooms, span two levels. A step-down living room with fireplace and formal dining room are suitable for more elegant occasions while the gourmet kitchen with inviting breakfast area, family room, and a customized media room are certain to be central gathering spots for more casual get-togethers with family and friends. Rounding out the main level of the home and adding the utmost necessity for today's style of living is a dedicated office. Maintaining traditional appeal, the upper level of the home is dedicated to the 5 bedrooms serviced by a large laundry room. Landscaped gardens, level lawn, and a soothing spa enhance the overall setting. This delightful home is also just moments from downtown shopping and dining, with easy access to BART and the San Francisco International Airport.
